5. Click **Play Recorded Event**
6. Once the playback starts, click the down arrow in the upper right hand corner of the **Video (Not Available)** box to minimize that box

PRE-VIEWING INTERCALL TEST/TROUBLESHOOTING:

1. Be certain you have the most updated version of Java loaded on your set.
2. Close all other applications prior to viewing this session.
3. Clear your cache to greatly increase screen speed and reduce screen lock ups during the training session
